Majors & Minors

Students may choose to do the Bachelor of Finance (International) pathway and are advised to refer to the study plan for that specialisation. More information about the Bachelor of Finance and Bachelor of Finance (International) can be found at the [University Calendar](#). For information about Finance Level III courses, please see the list on the [Faculty of Professions website](#)

*Approved Maths Courses:

[MATHS 1009](#) Introduction to Financial Mathematics I **AND** [MATHS 1010](#) Applications of Quantitative Methods in Finance I **OR** [MATHS 1011](#) Mathematics IA **AND** [MATHS1012](#) Mathematics IB **OR** [MATHS 1011](#) Mathematics IA **AND** [MATHS 1013](#) Mathematics IM. *Students should only consider Maths IA/B if they have completed the highest level of high school maths, have a genuine love for maths, and are looking at taking maths courses as electives at levels II and III.* Extra Level I maths courses in addition to the selected combination,

including Economics maths, are **NOT** permitted and will **NOT** count as Elective Courses.

**Open Electives at Level III:

If two of these electives are Finance Level III courses, the remaining electives can be Open Level II elective courses.

Open Electives and Broadening Electives

Students may choose to take broadening electives within the Bachelor of Finance but are not required to as set out in the Broadening Programs policy.

Broadening elective courses are those which are outside their primary discipline area of study and can be searched using the [Course Planner](#).
